

## Upgrade Offer

Sunday, 05 April 2009 12:48

---

If you buy one of our entry-level products, [mod featured items](#) or [mod random mp3](#) , and then buy the pro version of the module within three months, we will refund the cost of the original purchase, so you only pay the cost of the pro version in total.

This gives you an opportunity to try out the modules at a low cost.
